

Research Proposals

Society for the Advancement of Modeling and Role-Modeling

The Society for the Advancement of Modeling and Role-Modeling will present a research grant at each of its conferences starting April, 2010. The research grant is designed to encourage nurses to test concepts and linkages to advance Modeling and Role-Modeling theory. The next award of \$1000 will be made at the SAMRM annual meeting in April of 2010.

Eligibility

- Formal preparation in the conduct of nursing research
- Masters or higher degree in nursing or, or nursing student in a higher degree program in nursing with direct supervision of a qualified faculty member
- Members of SAMRM will be given preference all else being equal
- SAMRM board members are not eligible to apply

Application

- Submit the application and research proposal according to the guidelines (data collection may be in process)
- Submit a signed formal agreement for money usage and public report of findings

Submissions:

- Maximum of 10 double-spaced, typewritten pages, using 12-point font and one-inch margins
- See Research Guidelines for detailed information required in application
- Submit applications by U.S. mail or by email

Selection Process:

All submission will undergo review by the SAMRM Awards Committee. The proposal will be reviewed according to: 1) Quality of written proposal; 2) Contribution of the proposed research to MRM theory and nursing science; and 3) Research proposal budget.
